Success From The Heart

Synopsis

The path to fulfillment begins with the heart... Imagine living each day certain you were following your true path and making a difference in the world. Imagine you are able to weather storms and manage challenges with ease and grace. Imagine all you need to succeed in life comes to you without effort, the pieces falling into place as if the universe was simply waiting for you to say, "Yes!" All of this is possible when you honor your heart. In his new book, Adam Markel, CEO of Peak Potentials™, the largest personal development training organization in the world, gathered 35 entrepreneurs to share their powerful stories of heart-centered transformation in their new book, *Success from the Heart*. In their candid stories, the co-authors reveal how they: Uncovered and honored their true purpose in life and in business. Transcended adversity, loss, illness and poor circumstances. Developed support networks, programs and creative ideas. Transformed their present and secured a fulfilling future. No matter what heights you reach or the riches you earn, there is no finish line. The path to fulfillment is a process, not a goal. It is a journey, not a destination. Begin now.

Customer Reviews

One of the best books I have read in a long time. I am sure I will read it over and over. The book and the author are amazing. Very positive advice from a loving soul. Uplifting and informative. The free three day seminar voucher at the end of the book is a big bonus. I would highly recommend this book for your library and as a gift for special people in your life.
