Customer Reviews

My granddaughter has been reading this series and loves it. She has been able to do book reports at school on each book and has gotten great comments from her teacher. My granddaughter has placed J&P Voelkel books in her library and insist on getting more of them. Oh by the way did I mention she has liked them so much that she has read each book three times!

My son loves this series. He has read them all multiple times. When we need a book to grab for errands, it's this series he gets. He laughs when reading it, and says the story is fun and captivating.

Bought this book for my grandson. Likes this author.

Fantastic for young readers
