What You'll Learn French Level 5 is designed to be taken after Pimsleur's French Level 4. Thirty 30-minute lessons totaling 15 hours of spoken French language learning, plus 75 minutes of reading practice. French Level 5 builds upon skills taught in Pimsleur's French Levels 1-4. You'll be speaking and understanding French with near fluency and with a broad range of conversational skills. In Level 5 the pace and conversation moves quite rapidly, accelerating exposure to new vocabulary and structures, approaching native speed and comprehension. You'll learn to speak more in-depth about your personal life and emotional state, and be able to create complex sentences using a mix of tenses and moods. A few of the topics included in French Level 5: - Travel and leisure: weather phenomena, geography, temperatures, the environment; - Home life: real estate, furniture, appliances, clothing and laundry, cleaning, car maintenance, parties and celebrations; - Family and relationships: getting along, planning a future together, breaking up, boyfriends and girlfriends, reconnecting; - Body and health: body parts, pain, symptoms and cures, sleeping and waking, bad habits; - Personal life and emotions: empathy, regret, hope, trust and distrust, sharing, bullying and name-calling, growing older, recognizing and finding happiness. Reading Lessons in the form of a short story are included after Lesson 30.

The Pimsleur Method We make no secret of what makes this powerful method work so well. Paul Pimsleur spent his career researching and perfecting the precise elements

anyone can use to learn a language quickly and easily. Here are a few of his "secrets":

- The Principle of Anticipation** In the nanosecond between a cue and your response, your brain has to work to come up with the right word. Having to do this boosts retention, and cements the word in your mind.
- Core Vocabulary Words**, phrases, and sentences are selected for their usefulness in everyday conversation. We don't overwhelm you with too much, but steadily increase your ability with every lesson.
- Graduated Interval Recall** Reminders of new words and structures come up at the exact interval for maximum retention and storage into your long-term memory.
- Organic Learning** You work on multiple aspects of the language simultaneously. We integrate grammar, vocabulary, rhythm, melody, and intonation into every lesson, which allows you to experience the language as a living, expressive form of human culture.
- Learning in Context** Research has shown that learning new words in context dramatically accelerates your ability to remember. Every scene in every Pimsleur lesson is set inside a conversation between two people. There are no drills, and no memorization necessary for success.
- Active Participation** The Pimsleur Method + active learner participation = success. This method works with every language and every learner who follows it. You gain the power to recall and use what you know, and to add new words easily, exactly as you do in English.

Customer Reviews

I usually don't write reviews on . But this time I'm doing it, because I am so happy with having done the Pimsleur course in French. I have now finished level I to V, and this is a review of all the five levels seen as a whole (I also posted this review on the Level I CD). To put it simple: This WILL teach you French. Trust me. It will. Just do it. Don't think too much, and take the plunge. In some months, you will speak French.-----Some background on my personal story with French: Six months ago I came to France because of my work, speaking no French at all. I needed to learn French in record time in order to do my job, and embarked on a very intensive French learning journey. After 2 months, I could understand most of what was going on around me. Now after 6 months, I have no problems reading French novels/newspapers or watching movies, and my spoken French is fully functional ("fluency" is a word that is often misused, in my opinion). As of late I also have a French girlfriend, and our conversations flow without the language getting in the way. It needs to be said that such a progress is probably not to be expected for everyone, at least not without the full immersion experience. However, I think that Pimsleur deserves much of the credit for my progress. During my first month in France I did an intensive language school in the south of France for one month, with 8 hours instruction a day. In the evenings, I did Pimsleur. After this month I moved to Paris. I didn't do any more language classes, but once a week I had a private lesson with a private tutor who has a stellar reputation. I also continued doing Pimsleur. In addition, I started reading everything I could in French. I started out with a graded and easy-to-read textbook.
