Not only the story of this book is very good, but it teaches various survival strategies necessary for the kids. As a parent, I fond this book very useful. My kid is a big fan of this book and I think we have read it almost 10 times by now.

Nothing like a sequel to a wonderful story created by the one and only Ender King. Beautifully written and very informational. I would definitely recommend this to any Minecraft fan or anyone who enjoys a good adventure! Great Work.

The author did what he do best: be creative while teaching a lot of things about minecraft to the readers, this time about how to survive. I did not have to wait long to read the sequel and I fell in love with this one! Another amazing story by Ender King!

A good story books for kid that teaches survival strategies. A very useful book for children's. Provide great entertainment to the kids and increased knowledge too.. Again a good book from Minecraft..
