Customer Reviews

This really works if you put in the time, and it is very little time for the results. Makes a difference.

An excellent guided meditation CD especially for beginners.

I bought thinking it would help reprogram my negative thoughts, I woke up at end of each 20 minute segment. That was good I was relaxed I do not know yet if I am reprogrammed to stop thinking negatively. But I do feel different. I bought another CD and we will see. Overall it did relax me even for a short period and that was a BIG PLUS. The mind needs relaxation so the price was cheap.
