The Ancient Egyptians (History Opens Windows)

Synopsis

How did the people of Ancient Egypt live? What was their social, economic, political, and cultural life like? How did their values and attitudes help shape our world. This title answers these questions and more with informative text, colorful photographs and original source materials, and clear maps and diagrams to show readers what life was like in ancient civilizations.

ISBN-13: 978-1403488176

Product Dimensions: 10.4 x 7.7 x 0.1 inches

Shipping Weight: 12.6 ounces

Average Customer Review: 4.0 out of 5 starsÂ Â See all reviewsÂ (2 customer reviews)

Best Sellers Rank: #987,793 in Books (See Top 100 in Books) #88 inÂ Books > Children's Books > Education & Reference > History > Africa #521 inÂ Books > Children's Books > Education & Reference > History > Ancient

Age Range: 7 - 9 years

Grade Level: 2 and up

Customer Reviews

Ancient Egypt, a volume from the "History Beneath Your Feet" series, explores our knowledge of what life was like in ancient Egypt based on archaeological findings. I would recommend this series for elementary or middle schools and public libraries. Each page includes informative, easy to understand text with helpful explanations of more complicated concepts. Specific events, places or people are highlighted in detail boxes. Stunning color photo spreads peak reader interest. Topics covered include archaeological, forensic and preservation techniques, pyramid building, tomb design, heiroglyphs and what they mean, the discovery of Tutankhamun, and the future of archaeology using computer technology. A glossary, a full-color timeline and a detailed index make this book an excellent reference book for young readers.

I ordered this as part of a curriculum for homeschool that we are going through with my daughter, and though it offered nice enough facts and was useful, I can think of several others that I find have perhaps even more facts presented in a more fun manner. As it was, I found this book a bit scarce and am not sure what inspired the curriculum designers to choose this over others. It's fine and the illustrations are sufficient. It's just not my favorite.
