Customer Reviews

I had these cassettes as a child and loved them. We bought these before a trip with our kids and beyond the fact that they loved them, it was nostalgic for me. The stories have great lessons, and the cast is so loveable. As a reformed believer, some of the theology presented leaves something to be desired, but its still preferable to a lot of other things out there. The quality of the recording is excellent.

We listen to AiO a lot on our drive to school or on long vacations. The first thing my kids say when

they get in the car is, "Can we listen to Odyssey?" I would never say "no" to AiO....it's awesome!

I was in grade school when this came out on Audio Cassette and I highly enjoyed being transported to Odyssey through their adventures! This Album brings back so many memories, it will always be close to my heart.

Wonderful teaching... my 5 year old loves to listen whenever we are driving in the car and at home and this program is a great teaching tool for parents to start a conversation with their kids about good christian principles and ethics and it is really developing a love of Jesus Christ in my son... I couldn't be happier!

we love to listen to these in the car, it really helps to pass the time. We love that they reinforce the values we are teaching. Another great series is the "Jonathan Park" Audio dramas from Vision Fourm.

Can't say enough good things about this set or any AiO CD set. Always awesome, thought provoking, life lessons for the whole family!

This was our introduction to AiO and it got us hooked! We've since lost all the discs, but it was definitely one of my favorite sets.

great stories about life. based on the bible. what else do you need? great stuff. i look forward to getting the rest of the series.
