Customer Reviews

I just finished the book Scars: An Amazing Endtime Prophecy Novel. The book was provided to me by the author, Patience Prence. It's about a teen girl, living in the tribulation. The book begins already in the Tribulation. Things are changing quickly, and she never gets to live out her childhood because of the changes. There are natural disasters that kill thousands. Then the man, who the Bible calls the Anti-Christ, comes on the scene. Many are deceived, but Becky decides to do her research. She buys a Bible on the Internet, and learns about the Saviour, Jesus Christ. She becomes a Christian, but because she purchased the Bible on the Internet, the purchase wasn't secret. That purchase got her father and brother kidnapped...and turned her Mother against her. I got very close to Becky in this book, and the last two chapters, I found myself crying for Becky. When she was scared, I found myself scared for her. When she was brave, I was cheering along with her. There are a few questions I still have about the book after finishing it. The book never mentions what Christians call the Rapture. Becky never makes mention to people disappearing. So,

getting into the book, I was thinking that maybe this book was written with the belief that the Rapture happens during the tribulation. But Becky never makes reference to other Christians in the area.. there were a few others in court with her. So, I'm not sure if the rapture happened before the book began, or if it happened after the end of the book. Also, I would have liked some closure on what happened to Becky's Dad and brother...and even toward the end her mother. But this was Becky's story, so I can understand why this information wasn't in this book. Because Becky didn't know what happened to them, neither did we.
