Customer Reviews

I am writing this review to every Christian who does not yet war in prayer, or has not yet understood the privilege and responsibility of spiritual warfare. This is a must have prayer book for ALL CHRISTIANS. It's practical, simple, powerful and effective. As most of the reviews have already noted, it is a spiritual warfare book, therefore it would be wise to couple it with a good amount of Bible study, and not use it to replace your Bible, or personal prayer time with the Lord. The author helps by giving direct scriptural references for what he is talking about in the prayers. As Believers, we are ALL being called more than ever to the spiritual battle lines. And tools like this are essential in that process for every Believer. This is one of the best prayer manuals ever. I do suggest not trying to pray all of them at the same sitting (especially if you're unfamiliar with spiritual warfare), but

let the Lord lead you as to which prayers are necessary for you. As the old adage goes, 'don't fix what isn't broken.' So if you feel a prayer or two may not apply to you, just turn the page to the next one. I love the prayers for the nation, for protection, and the confession on page 5, which I believe can be applicable to all of us. These are the best ones to start with if you're reluctant about some of the others. This little book is the best manual I've ever found for intercessory prayer, and I do believe it's every Believer's must have. Initially when I saw this on , I was put off by the title, because I don't like stuff that goes off the "deep end." But I was able to quickly look inside online, and was surprised at how healthy, practical and engaging it was. There's more to the book than is actually conveyed by the title.
